

PROJECT OVERVIEW

This project involves discovering the characteristics that enables a business to stand the test of time.

To help answer this question, BusinessFinancing.co.uk researched the oldest company still in business in **almost** every country and compiled the results into several CSV files. This dataset has been cleaned.

The Data

businesses table and **new businesses** table

Column	Description
business	Name of the business (varchar)
year_founded	Year the business was founded (int)
category_code	Code for the business category (varchar)
country_code	ISO 3166-1 three-letter country code (char)

countries table

Column	Description
country_code	ISO 3166-1 three-letter country code (varchar)
country	Name of the country (varchar)
continent	Name of the continent the country exists in (varchar)

categories table

Column	Description
category_code	Code for the business category (varchar)
category	Description of the business category (varchar)

We will understand the factors that help a business be timeless by answering these questions:

1. What is the oldest business on each continent?

QUERY:

```
SELECT
    CT.continent,
    CT.country,
    AB.business,
    AB.year_founded
FROM all_businesses AS AB
JOIN countries AS CT
ON AB.country_code = CT.country_code
JOIN (
    SELECT
        CT.continent,
        MIN(AB.year_founded) AS Earliest_Business_Year
    FROM all_businesses AS AB
    JOIN countries AS CT
    ON AB.country_code = CT.country_code
    GROUP BY CT.continent
) AS SubQ
ON CT.continent = SubQ.continent AND AB.year_founded = SubQ.Earliest_Business_Year;
```

RESULT:

	continent	country	business	year_founded
1	Oceania	Australia	Australia Post	1809
2	Europe	Austria	St. Peter Stifts Kulinarium	803
3	Asia	Japan	Kongō Gumi	578
4	North America	Mexico	La Casa de Moneda de México	1534
5	Africa	Mauritius	Mauritius Post	1772
6	South America	Peru	Casa Nacional de Moneda	1565

2. How many countries per continent lack data on the oldest businesses?

QUERY:

```
SELECT
    CT.continent,
    COUNT(CT.country_code) AS countries_without_businesses
FROM countries AS CT
LEFT JOIN all_businesses AS AB
ON CT.country_code = AB.country_code
WHERE AB.country_code IS NULL
GROUP BY CT.continent;
```

RESULT:

	continent	countries_without_businesses
1	Africa	3
2	Asia	7
3	Europe	2
4	North America	5
5	Oceania	10
6	South America	3

3. Which business categories are best suited to last many years, and on what continent are they?

QUERY:

```
SELECT
    c.continent,
    cat.category,
    MIN(b.year_founded) AS year_founded
FROM businesses b
INNER JOIN categories cat
ON b.category_code = cat.category_code
INNER JOIN countries c
ON b.country_code = c.country_code
GROUP BY
    c.continent, cat.category
ORDER BY
    c.continent, cat.category;
```

RESULT:

	continent	category	year_founded
1	Africa	Agriculture	1947
2	Africa	Aviation & Transport	1854
3	Africa	Banking & Finance	1892
4	Africa	Distillers, Vintners, & Breweries	1933
